

Stratton Double

PRODUCT SPEC SHEET

Elevate your outdoor space with our refined collection of solid timber lighting bollards. Expertly crafted and fitted with energy-efficient, low-voltage LED lamps, they provide a sophisticated lighting solution for car parks, driveways, pathways, commercial environments and even exposed coastal settings.

With its bold proportions and commanding presence, the Stratton Double creates a striking visual impact while delivering long-term durability and dependable performance. Manufactured using recyclable and naturally biodegradable components, it embodies our commitment to responsible design proving that exceptional aesthetics need not come at the environment's expense.

Before leaving our workshop, each bollard is treated with a coat of natural oil to enhance and protect the timber. This process enriches the grain, deepens the natural tones and helps preserve the wood's character over time.

Crafted from sustainably sourced "green" timber, every piece is inherently unique. As the wood matures, natural cracking, twisting and subtle warping may occur, adding depth, authenticity and ensuring no two bollards are ever the same.

FEATURES

- Easy to install
- Low maintenance
- Low energy
- Sustainably sourced timbers
- Replaceable 240v 1.3w Light source with flying lead
- Warm white 3000k, LED driver included

OPTIONAL EXTRAS

- WIFI remote control
- Ground mounting plate (requires specifying at time of order) 900mm high post
- PIR Motion sensors
- Dust to dawn sensors

WOOD VARIATIONS

Larch

Oak

HOW TO INSTALL

Dig a suitable hole at the installation point and secure the bollard using an appropriate concrete mix, ensuring it is level before the concrete sets. Connect the power supply using a waterproof electrical connector (not included), protecting all connections from moisture.

Note: all electrical work must be carried out by a qualified electrician in accordance with current regulations.

Product	Code	Dimensions	Light Source
Stratton Double Larch	WL001-L	1150x250x140	2x 1.3w 240v LED
Stratton Double Oak	WL001-O	1150x250x140	2x 1.3w 240v LED
